EDUCATION AND TRAINING

PES College of Engineering,
Bangalore, India

SKILLS

- Leadership | Business Development | Team management
- Payments & Acquiring | API-led Integrations | UPI & RTP | Checkout & Conversion | Merchant Growth
- Market Expansion (APAC, LATAM, EMEA) | Sales Strategy & Execution

KEY IMPACT

- \$180M+ volume via platform partnerships
- Cross-border payments (SEPA, BNPL): **+5–7% auth, +15% conversion, –10–15% cost**
- \$6M → \$36M revenue scale-up (Paytm)
- \$1.1M cost savings via payment orchestration
- Built across India, SEA, LATAM, EMEA markets

Saumya Shree

SUMMARY

- Payments & fintech leader with 10+ years of experience **scaling API-led payment ecosystems across Europe, EMEA, LATAM, and SEA**, working at the intersection of acquiring, partnerships, driving revenue growth, and risk optimization
- Delivered payment-led **revenue from \$6M to \$36M**, while leading high-impact initiatives including UPI rollout (10M+ users) and global platform partnerships, delivering \$60M+ revenue growth, \$180M+ volume, and **\$1M+ annual cost savings through payment orchestration** and routing optimization
- Deep expertise in cross-border payments, authorization optimization, **local payment methods (SEPA, BNPL)**, and cost reduction via acquiring strategies, working with PSPs and card networks to improve conversion and reduce transaction costs
- Proven track record of managing **large enterprise clients and Tier-1 partnerships**, leading cross-functional teams across business, product, risk, and engineering to build scalable pipelines and drive consistent growth

EXPERIENCE

August 2023 - Current

Associate Vice President – Business Development at Credit Saison (Southeast Asia and LATAM)

- Drove global partner initiatives across **Singapore and LATAM**, working with **Helicap (Singapore), Zippi (Brazil – Pix), Konfio, Clara, Clip, and Mercado Pago Mexico**, supporting market entry, partner structuring, and product alignment
- Leading **API-led partnerships** across **Google Pay, Amazon Pay, PhonePe, Airtel, CRED, and more**, enabling embedded lending and driving **\$180M+ volume**
- Optimized checkout, mandate, and approval funnels with product/tech teams, improving **conversion and payment reliability**
- Driving governance across **embedded finance support functions (DS, Risk, Product, Tech)**, monitoring **team capacity, budgets, and P&L alignment** to support business execution

August 2021 - June 2023

General Manager – Payments Platforms at Xiaomi Technology (EMEA Markets)

- Led **EMEA payments** at Xiaomi, working with PSPs like **Adyen, Checkout.com, and Stripe across EU markets**
- Built and scaled a payment **orchestration layer (15+ integrations → unified routing)**, enabling smart routing across PSPs and acquirers, **delivering \$1.1M+ annual cost savings**
- Improved authorization rates (5–7%) and checkout conversion, driving **\$1.8M+ incremental revenue (6 months)**, by enabling local payment methods (SEPA, iDEAL) and BNPL (Klarna), increasing affordability and boosting sales conversion
- Reduced cross-border **transaction costs by 10–15%** through local acquiring and PSP optimization
- Reduced chargebacks by ~25–30% by implementing stronger authentication (3DS/SCA) and improving payment flows
- Leveraged PSP tools and Chargeback911 to monitor disputes, identify root causes, and improve resolution outcomes

July 2018 - July 2021

Assistant General Manager – Business Development at Paytm | Cross Broder Payments

- Scaled payment-driven revenue from **\$6M → \$36M** across commerce, gaming, and healthcare
- Led **API-led partnerships** with **SAP, Tally, and QuickBooks**, enabling SMB payment integrations
- Drove 120% growth in healthcare payments during COVID through StayAtHome initiative
- Launched Visa Direct (real-time payouts) and drove large enterprise partnerships, enabling high-volume transaction flows
- Promoted within 9 months; led and coached a team of 10+, achieving revenue targets and execution

August 2016 - July 2018

Manager – Business Development at Juspay Technologies

- Core contributor to **BHIM UPI launch**, scaling to **10M+ users / 2M+ transactions**
- Worked with **NPCI, banks, and PSPs** to enable UPI integrations and improve success rates
- Drove early **QR-based UPI adoption** across offline merchant networks

March 2016 - July 2016

Strategic Partnerships Manager at Razorpay

- Led merchant acquisition strategy to establish early ecosystem partnerships
- Collaborated with cross-functional teams to align partnership goals with company objectives.
- Negotiated contracts with partners to ensure favorable terms and conditions.

EARLIER EXPERIENCE

HackerEarth | Intuit India | Valtech | CustomerXPs
Partnerships, marketing, and early-stage ecosystem building

UPSKILL IMPACT

- Upskilled in **cloud fundamentals and system scalability**, enabling effective coordination with engineering teams during high-traffic events (e.g., sale days at Xiaomi and peak load surges on gaming platforms), ensuring system readiness, load handling, and minimal downtime
 - Leveraged **Python for data analysis**, enabling bulk data processing, faster insights into transaction performance, and early identification of issues across payment funnels
-
